Request for Permission to Bring a Cell Phone and/or other Two-Way Communication Device to School

Permission to bring a cell phone/device to school for student use must be authorized by the Principal and used for emergency only. If a student needs a cell phone or two-way communication device (Example: Smart Watch, Gizmo or Advanced Fit-Bit) after school for the purpose of entering a home or attending sports practice or games, a parent must submit this written request. If permission is given, the student must bring the phone/device to the office upon arrival in the morning. The device must be placed in the off position while at school. The phone/device can be picked up at the end of the school day. At no time will these devices be stored in a student's locker. If the student is in Before or After Care, the device will be given to the Before/After Care representative until they can give to the office or student upon departure. Cell phones are not authorized on field trips. If a teacher or other staff representative finds a cell phone or device in a student's possession, they will contact the principal and the parent will be notified. Cell phones/devices permissions can be taken away from the student if these guidelines are not followed. Additional disciplinary action may be taken.

I understand permission to bring a cell phone/two-way communication device to school is a privilege, not a right.

I, _____ (Parent's Name), have read and understand the contents of the Cell Phone/Two-Way Communication Device policy and will abide by the policy. I understand the sanctions connected with violations of this policy.
