

Parents:

If you are interested in computing your scrip rebate, do the following:

- 1) If you participate in the grocery store reloadable cards:
 - a. Log onto TeacherEase, go to the digital locker and find the most recent King Soopers report. Search for the last few digits of your cards and write down the amount in the "rebate earned" column.
 - b. Repeat step (a) for the Safeway report if you participate.
- 2) If you participate in the ShopWithScrip online program:
 - a. Log into your account
 - b. Go to Dashboard/Reports
 - c. Find the "Family Order Rebate Summary Report". Select "Run Report"
 - d. Under "Report Begin and End Date", choose "Custom Range", and enter "7/1/XX" (current school year) to the current date.
 - e. The report will be downloaded as PDF. Open this document, and write down the "scrip rebate" amount.
- 3) Sum the King Soopers, Safeway and ShopWithScrip rebates found above. The first \$150 of your rebate goes to St Peter. Any amount above \$150 is reduction of your tuition.
