

Spanish

Foreign Language Standard 1 states that children will learn the basics of communicating in Spanish. Through songs, movement, stories and repetition, they will gain basic skills including, but not limited to, general phrases, colors, numbers, days of the week and months of the year.

In Standard 2, applying interpretive & interpersonal skills by practicing reading, writing, speaking, and listening activities is the focus. Students are introduced to authentic texts to help them see real world Spanish.

6th grade: School & Community

7th grade: Family & House

8th grade: Food & Healthy Lifestyle
